

MIDDLESEX UNIVERSITY COLLABORATIVE STUDENTS' ENTITLEMENTS

International Franchised Programmes

I would like to wish you a warm welcome to your programme, delivered in collaboration with Middlesex University.

Middlesex University works in collaboration with your institution to ensure your programme of study is of an academic standard and quality which meets the requirements of the national Quality Assurance Agency (QAA) and has therefore been validated as a formal qualification of Middlesex University.

The University works in partnership with a wide range of institutions globally. More information can be found on the University web pages: <http://www.mdx.ac.uk/>.

As a student on a Middlesex University franchise programme, you are studying for a qualification that is franchised to and taught by your College/Institution (our 'Partner' Institution) but which has been designed and is assessed and validated as a Middlesex University qualification. This collaboration is formalised in a Memorandum of Co-operation which sets out all of the programme's academic and administrative arrangements and which is held on record at your institution.

Your main source of guidance will be from your programme team or the administrative staff within your institution who will already have established student support services to help you. In addition, both your Institution and the University have each appointed a Link Tutor to ensure the smooth running of your programme of study and clear and effective communication between our two institutions. Your Institution will be able to identify these members of staff to you.

The University Link Tutor will usually visit your institution during the year, either in person or virtually, to attend the Programme Voice Group (or equivalent) to which students are invited to discuss the running of the programme.

In the following pages, you will find useful information outlining the range of entitlements open to you as a student on a collaborative programme with Middlesex University.

Please note that this letter is not intended to be used as a formal verification of your registration with the University. If you require a document of this nature, you should contact your Institution Link Tutor in the first instance.

I wish you success for the forthcoming academic year and for your studies.
